**Subject:** Import Announcement – Tamàs Làday

---

The West Auckland Admirals can confirm the addition of Tamàs Làday to the crew of the pirate ship for the upcoming campaign.

Tamàs is a 23 year old Defenceman from Hungary, and has been rapidly improving through his Junior career to now be a key part of the Fehérvári D corps in the Erste Liga, as well as locking down a regular place in the highly touted EBEL League. He also spent two seasons in the Canadian Major Junior system, playing in the WHL with the Spokane Chiefs and the Medicine Hat Tigers.

At 200cm and 100kg, Tamàs will bring a Zdeno Chara-like reach to the NZIHL in 2019, and this unit is known as a rock solid, puck moving Defenceman who can make transition plays with an excellent outlet pass, and makes players around him better. Look out for Tamàs rocking the blue #93 this season.
